Excerpt from A Tour in Mongolia Adventure, considering the state of Mongolia at the time. What they saw Mrs. Gull describes in her own taking manner, and I need not say more about her book than that it is full of enlightenment as regards the character of both people and country. Mongolia is one of the few remaining great backwaters of the world, neglected because so remote from the sea and the civilisation arising out of marine communication. Nevertheless, through Mongolia, at no distant date, must be constructed that line which will link China with the Siberia Railway, and constitute part of the great trunk route joining Europe with the Far East.
