

## The Information Technology Career

By MR Thomas S Ireland

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.I got into Information Technology by happy accident. Through a love of science fiction I decided to become an astronomer. Radio astronomy was the growing field at the time so I got a degree in electronics engineering. Through that convoluted set of circumstances called life I ended up in IT. Little did I know when I started that I was really entering a career that would enable science fiction to become science fact. In my career I have gone from the mechanical typewriter and human stenographer to voice dictation via a smart phone. My car full of large paper maps has transitioned to a GPS-based navigation system. The room-sized computer programmed with punch cards has been replaced with a hand-held device with orders of magnitude more power and apps that can be instantly downloaded for free or next to free. It has been a thrilling ride! However, I know that the ride will just get better for those climbing on board today. My wish for you is that you will enjoy it as much as I have. But...
