Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 34 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO reviewed the status of the Federal Aviation Administrations (FAA) West Coast Plan and related environmental and management issues. GAO found that: (1) FAA has completed 3 of the 10 West Coast Plan projects and plans to implement the other 7 by late 1994; (2) FAA estimates total plan costs at about 143 million; (3) a 1988 FAA environmental assessment of a proposed change to an airport departure procedure did not comply with regulations requiring FAA to discuss alternatives and involve the public in the assessment; (4) FAA stated that it would make its field personnel better aware of environmental considerations and would involve the public in future assessments; (5) several proposed West Coast Plan routes involve expanding existing civil air corridors into military airspace, and FAA and the Department of Defense (DOD) have reached agreement on some proposals, but have suspended work on others; (6) to facilitate progress in discussions with DOD, FAA ceased managing West Coast Plan projects as a coordinated group and began managing each project independently; and (7) the project management decentralization caused potential procurement redundancy, ineffective communication, and insufficient emphasis on project accomplishment to ensure timely completion. This item ships from La Vergne, TN. Paperback.
