Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.It can be hard to make friends and find your way in the job market in today s society. Jobs are now offered more along the lines of who a person knows as opposed to what they know. Facebook and other social networking sites like Twitter, Linkedin, and many others have become a prime way to connect with the world socially. While these sites are great for connecting, making friends, and obtaining your dream job there are still many hidden unwritten social rules that must be learned before using these sites successfully. This book is not just great for teens with Autism learning the unwritten hidden rules. It is also a good and short read for all of us who use these websites to connect with the world. We will learn when it s appropriate to contact someone. We also will discuss the green dot in Facebook chat and the implied meaning that comes behind the green dot. We will also learn some very important safety tips that will help protect us from putting ourselves in potentially dangerous situations. This book is an excellent read for teenagers just learning how to connect with the world online with Facebook and other networking sites. It would be a perfect book for a parent to sit down and read with their autistic teenager. This book is a beginners guide to using Facebook and other social networking sites safely and successfully.
