CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 212 pages. Dimensions: 11.0in. x 8.5in. x 0.5in. Textual Criticism of the New Testament is a close inquiry into what is the genuine Greek the true text of the Holy Gospels, of the Acts of the Apostles, of the Pauline and Apostolic Epistles, and the Revelation. Inasmuch as it concerns the text alone, it is confined to the Lower Criticism according to German nomenclature, just as a critical examination of meaning, with all its attendant references and connexions, would constitute the Higher Criticism. It is thus the necessary prelude of any scientific investigation of the language, the purport, and the teaching of the various books of the New Testament, and ought itself to be conducted upon definite and scientific principles. The object of this treatise is to lead to a general settlement of those principles. For this purpose the Dean has stripped the discussion of all adventitious disguise, and has pursued it lucidly into manifold details, in order that no employment of difficult terms or involved sentences may shed any mystification over the questions discussed, and that all intelligent people who are interested in such questions and who is not may understand the issues and the proofs of them. This item ships from La Vergne, TN. Paperback.
