

## Guidebook for the Scientific Traveler: Visiting Physics and Chemistry Sites Across America (Paperback)

By Duane S Nickell

Rutgers University Press, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. Imagine visiting a top-secret government lab, one that was a key site for the development of nuclear weapons and nuclear fusion technology in the twentieth century. Well, even in today's world of color-coded security levels, the doors of the Lawrence Livermore National Laboratory in California are open to you. And it's just one of the many surprising stops along the way in Duane S. Nickell's captivating new edition of the Scientific Traveler series, *Guidebook for the Scientific Traveler: Visiting Physics and Chemistry Sites across America* . Are you in the mood for a trip to the Titan Missile Museum in Tucson? Want to spend some time at the Fermi National Accelerator Center near Chicago? Perhaps quench your thirst for knowledge and discovery at the Anheuser-Busch Brewery in St. Louis, where brewers are chemists at heart? Set your own pace. As an active participant or living room traveler, you'll be mesmerized as Nickell leads you on a tour of physics and chemistry sites. Written in an easy-to-read and accessible style, this comprehensive guide is a practical and fun way to promote scientific...
