Excerpt from The Oxford Movement I ask your indulgence, brethren, as one who has a hard task set him; to say anything at all sufficient, within my limits, on one of the most important movements in the history of the Church. What can be said, in thirty minutes, or twice that time? Why should any one have been asked to do this thing? Why should any one have consented to try? The subject expands and grows faster than we can follow. Who is equal to the task of relating, in the little time before me now, a tithe of the whole matter? And yet men ought to know more of it than they do. The history of the Oxford Movement is part of a much longer history than that of the Kingdom of God in Great Britain. The annals fill many a volume. There is a personal and literary side, already known to most of us. There is a deep philosophy in it, which might be lost sight of in looking solely at the surface, and dwelling on mere reminiscences. My duty and my wish are to go below the surface and show what the Movement really was. I must begin far back.
