Trafford Publishing, Canada, 2007. Paperback. Book Condition: New. 229 x 150 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This book is a condensed version of an eight hundred plus page book that describes in certain detail the happenings of this Wisconsin Masonic lodge in the 150 year period of its existence. This condensed version is made up of over five hundred pages. It does not remove any of the story lines of the original unabridged version but just removes mostly, the names of officers, elected and appointed, throughout the 150 years. Other instances with references to specific persons that only take up space but do not really contribute to the story that is being told. Few of these names and instances would have any recognition to the reader outside of the area of the lodge that is being written about. That is not to say that there are portions of the book that describe certain people, that may add a historical avenue to the narrative. There were everyday happenings in the lodge that are described, that add detail to the history of the lodge which deserves recording and to the events occurring outside of the lodge while the brethren of the lodge were doing their work. Some of these happenings are recorded after the passage of every year in the section called The Outside World in (1856) and every year to the end of the year of 2006. There are events such as the Masonic trials that took place in the early years of the lodge, the charity that was extended to the victims of the Peshtigo and Chicago fires in 1871, the events that were referred to during the Civil War and after the two World Wars and all those events that took up the...
