Postmodern Theology consists in a sharp-edged retrospective and reflection on the forty-year history of the most important movement in contemporary religious thought that is only now passing from the scene. The author, Dr. Carl Raschke, is generally credited with having sparked the movement, even if he did not always happen to be its leading spokesperson. Not only has a comprehensive survey of postmodern theology in all its different phases and complexity not been published prior to the appearance of this book, but it is even more remarkable for someone who both launched it and had a central role in shepherding it along to offer what may be termed a movement memoir. Postmodern Theology surveys and summarizes the major figures and trends that have given currency to such familiar expressions as deconstruction, deconstructive theology, radical theology, a/theology, God is dead, and of course, postmodernism itself. Recounting the influence, and assessing the arguments, of such thinkers as Altizer, Derrida, Levinas, and Caputo, this book is as compellingly biographical as it is substantively rigorous. Raschke is necessary reading for all who are curious not only about the history of postmodern theology, but also invested in shaping its future. --J. Aaron Simmons, Associate Professor of Philosophy, Furman University . . . carefully charts the history of postmodernism...
